U.S. Patent Application Serial No. 10/738,915 Reply to Office Action dated July 11, 2005

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

1. (Original) A method of harvesting a crop in a field, the crop having a stem and leaves, the method comprising:

stripping leaves from the stem at a first time; and

harvesting the stem at a second time after the first time.

- 2. (Original) A method according to claim 1, wherein the stem is cut at the first time and allowed to dry in the field until the second time.
- 3. (Original) A method according to claim 1, wherein the crop is alfalfa.
- 4. (Withdrawn) A method according to claim 1, wherein the crop is mint.
- 5. (Withdrawn) A method according to claim 1, wherein the crop is barley.
- 6. (Withdrawn) A method of harvesting a crop having leaves and a stem, comprising: stripping the leaves from the stem at a first time, while leaving the stem standing; allowing leaves to regrow on the stem; stripping the leaves from the stem and cutting the stem;

allowing the stem to dry;

harvesting the stem.

- 7. (Withdrawn) A method according to claim 6, wherein the crop comprises alfalfa.
- 8. (Withdrawn) A method according to claim 6, wherein the stem is left in the field to dry.
- 9. (Withdrawn) A method of managing protein content of a crop having a first portion having a first nutritional content and a second portion having a second nutritional content, comprising:

removing the first portion of the crop from the second portion;

allowing the first portion to regrow and removing regrown first portions from the second portion a predetermined number of times;

harvesting the second portion a predetermined number of times during selected removing of the first portion; and

mixing a first amount of the first portion with a second amount of the second portion to achieve desired nutritional content.

- 10. (Withdrawn) A method according to claim 9, wherein the crop comprises alfalfa and the first portion comprises alfalfa leaves and the second portion comprises alfalfa stems.
- 11. (Withdrawn) A method according to claim 9, wherein the second portion is cut and dried in the field while harvesting the first portion.
- 12. (Withdrawn) A method according to claim 9, wherein the nutritional content comprises protein content.
- 13. (Withdrawn) A method of harvesting a crop, comprising:

U.S. Patent Application Serial No. 10/738,915 Reply to Office Action dated July 11, 2005

harvesting a percentage of a first portion of a crop having a first nutritional content;

harvesting a second portion of the crop having a second nutritional content separately from the first portion;

mixing a first amount of the first portion with a second amount of the second portion to achieve a desired nutritional content.

- 14. (Withdrawn) A method according to claim 13, wherein the first portion of the crop is cut at a first time and allowed to dry in the field until a second time when harvesting the second portion of the crop.
- 15. (Withdrawn) A method according to claim 13, wherein the first portion of the crop comprises leaves and the second portion of the crop comprises a stem.
- 16. (Withdrawn) A method according to claim 13, wherein the crop is alfalfa.
- 17. (Withdrawn) A method according to claim 13, wherein the crop is mint.
- 18. (Withdrawn) A method according to claim 13, wherein the crop is barley.
